## WRITING

The choice is as peculiar as a film

There are so many films nowadays. Which one to watch? Which is better? In my humble opinion, the movie "Miss Peregrin's home for peculiar children" is worth watching. †

It is a beautiful story with adventures, monsters and true friendship. The main character is Jake. His granddad was killed by a monster, and a boy made his way to an old island where due to his grandfather's words existed a house for children with strange powers. Of course, it is not just an ordinary house and its owner is also not ordinary. Jake makes friends with Emma, the girl who has such a small weight that ~~flies~~ flies without her iron boots, Olivia, who can create a fire with her hands and others. Jake meets the owner of the house Miss Peregrin. They need to fight ~~with~~ the evil ~~all~~ together. So, the plot is more than breathtaking.

I loved the movie for the plot and its cast. Also, the director of the film is Tim Burton, and there are no failures with his movies.

I would recommend this film ~~to~~ <sup>to</sup> children who like adventures, thrillers and horror.

In the conclusion, I'd like to ask people not to stop watching ~~great~~ movies since it is the greatest relaxing in the world.
