WRITING

People think that some films are interesting, but other think that films are not interesting.

I think that the old famous film "Cinderella" the most interesting film that I know. Firstly this film is one of the oldest film of our time. The old films teach us to be clever, help our friends, to be lovely, kind. Secondly, film "Cinderella" is very interesting for children and for old people. There are many beautiful effects in it. There are many magicians in it. When you watching this film you be in a fairy-tale. I believe that the best kind of this film killed the worse kind of this film. First of all I recommend this film for children.

Some people believe that "Cinderella" the worst film because it is very old and not interesting. And now there are many new varieties of this film.

I don't agree with this opinion because the old is better than new.

To sum up, this problem is debatable. So many men, so many minds. But I think that my point of view is right. There is no better than old film "Cinderella".
